SEED LIST

1961

1961 SEED LIST

All seeds are personally collected during the current season and are 50 cents per packet. The number of seeds is determined by rarity and crop. Because of conditions beyond our control we cannot guarantee your success with them. Minimum order of \$1.00, 4% sales tax for Washington customers.

Practically all perennial seeds have a hard coating which requires freezing and thawing to break, or stratification in wet sand at low temperatures to cause germination. This is especially true of Alpines. For best results plant all seeds listed here in fall in a place protected from drying winds but subject to freezing and thawing and/or a snow covering. If you cannot meet these requirements, use the refrigerator treatment.

Acer douglasii—small tree, highly colored fall foliage.
Aconitum columbianum—3' spikes, blue monks hood.
Actaea arguta—bright red or pure white berries.
Allium accuminatum—bright rose red balls 6".
Allium fibrillum—6" pure white alpine.
Allium geyeri—6" soft pink flowers.
Allium nevii—5" deep wine flowers.
Amelanchier florida—shrub, edible berries.
Anemone occidentalis—white flowers, fluffy seed heads.
Antennaria dimorpha—tiny woolly rings.
A. rosea—rosy Indian tobacco.
Aquilegia formosa—red and yellow columbine.
Aquilegia flavescens—alpine, yellow flowers.
Arabis blepharophylla—rosy flowers.
Arabis koehlerii—5" deep wine-red flowers.
Arctostaphylos uva-ursi—excellent ground cover.
Arenaria formosa—alpine, white sprays.
Arenaria congesta—alpine, dense clusters, white.
Arenaria pungens—high alpine, white sprays.
Arnica cordifolia—12" sunny flowers, woodland.
Arnica latifolia—16" clumps yellow flowers.
Arnica mollis—12" yellow flowers. Brooks.
Asclepias speciosa—purple milkweed.
Aster conspicuus—purple woodland aster.
Aster alpinus—5" lavender flowered alpine.

Balsamorhiza hirsuta—12" cut leaves, sunflowers.
Balsamorhiza sagittata—large yellow flowers.
Berberis aquifolium—Oregon grape.
Berberis nervosa—hollygrape, lovely wax leaves.
Berberis repens—dwarf Oregon grape.
Brodiaea douglasii—blue wild hyacinth.

Calochortus apiculatus—creamy flowers, yellow center.
Cal. nitidus—pink flowers, yellow eye.
Cal. macrocarpus—lavender purple flowers, darker eye.
Calypso bulbosa—4" orchid slippers.
Campanula rotundifolia—western hairbell.
Castilleja minata—12" red Indian paintbrush.
Chimaphila menziesii—waxy foliage, red flowers.
Chrysothamnus nauseosus—shrub, yellow flowers, desert.
Claytonia nivalis—3" choice alpine, pink flowers.
Clematis columbianum—vine, blue flowers.
Clematis douglasii—purple sugar bowls, herb.
Clematis ligusticifolia—vine, white sprays.
Clintonia uniflora—white flowers, blue berries.
Cornus canadensis—waxy foliage, red berries (ground cover).
Cornus stolonifera—lovely red barked shrub.
Crataegus brevispina—large shrub, white flowers.
Cypripedium montanum—mountain ladyslipper, white.

Delphinium distichum—intense blue spikes, 16".
Del. menziesii—deep lavender blue spikes, early.
Disporum majus—waxy leaves, velvety orange berries.
Dis. oreganum—taller with smooth red berries.
Dodecatheon jeffreyi—6" wine-red flowers.
Douglasia dentata—3" rosy flowered alpine.
Draba oligosperma—high alpine, yellow flowers.
Dryas octopetala—2" alpine mats, white flowers.

Echinocactus Simpsonii—barrel cactus, pink flowers.
Echinopanax horridum—large leaves, spiny stems.
Epilobium angustifolium—fireweed, lavender pink flowers.
Epipactus gigantea—brook orchid, bronze slippers.
Erigeron aureus—3" golden alpine daisy.
Erigeron compositus—white alpine daisy.
Eriogonum douglasii—5" bright yellow alpine.
Eriophyllum lanatum—5" yellow desert daisy.
Eriogonum subalpinum—alpine, large creamy clusters.
Eriogonum thymoides—desert, tiny creamy balls.
Erythronium grandiflorum—yellow flowers, purple anthers.
Erythronium parviflorum—alpine, yellow flowers.

Frasera albicaulis—16" pale blue flowers.
Frasera fastigata—24" blue spikes.
Fritillaria lanceolata—mottled mission bells.
Fritillaria pudica—golden yellow bells.

Galthera ovalifolia—waxy foliage, beautiful ground cover.
Gentian oregana—large deep blue trumpets.
Gillia nuttallii—5" white flowered alpine.

Heuchera glabella—bronzy foliage, creamy flowers.
Heuchera ovalifolia—rounded leaves, white flowers.
Heuchera ovalifolia, var. *alpina* (dwarf alpine).
Heuchera racemosa—6" creamy alpine.
Hydrophyllum albifrons—cut foliage, white balls.
Hydrophyllum capitatum—cut leaves, blue balls.

Iris missouriensis—white, blue veined flowers.

Juniperus com. var. *prostratus*—alpine juniper.
Juniperus scopulorum—rocky mountain juniper.

Lewisia columbiana—small pink and white sprays (seed 5 cents each).
Lewisia rediviva—lovely pink sand roses.
Lewisia tweedyi—large salmon mountain roses (seed 5 cents each).
Lilium columbianum—western turks cap lily.
Lonicera ciliosa—vine, orange-red flowers.
Lonicera involucrata—shrub, red flows, black berries.
Lupinus minimus—5" blue alpine.

Mertensia membranacea—tall sprays of blue bells.
Mimulus langsдорфи—yellow monkeyflower.
Mimulus lewisii—lovely pink snapdragon-like flowers.
Mitella caulescens—quaint green flowers, nice foliage.
Mitella trifida—white whiskery flowers.
Monardella odorotissima—6" lavender pink alpine.

Olsynium grandiflorum—lavender pink, yellow stamens.
Oxyria digyna—8" creamy alpine.

Paeonia Brownii—reddish flowers, glaucous foliage.
Parrya menziesii—lovely clusters of magenta flowers.
Pedicularis groenlandica—pink elephants trunk.
Pedicularis bracteosa—8" white alpine.
Pedicularis ornithoryncha—16" pink alpine.
Penstemon Barrettaea—shell-leaved *Penstemon*, pink.
P. Cardwellii—purple flowers, dark green foliage.
P. Deustus—small white flowers, cut foliage.
P. Ellipticus—4" lavender alpine.
P. Erianthera—8" blue flowers.
P. Gairdnerii—pink flowers, narrow leaves.

P. Glaber—tall spikes of intense blue.
P. Menziesii—alpine, mat forming, purple flowers.
P. Pruinosa—small blue flowers, distinctive foliage.
P. Richardsonii—lovely soft pink, cut leaves.
P. Rupicola—alpine, red flowers, powdery foliage.
P. Scouleri—large lavender flowers, cover evergreen shrub.
P. Tolmiei—alpine, soft lavender pink dwarf.
P. Venustus—tall spikes of soft purple.
Peramium decipiens—5" mottled leaves, white flowers.
Petrophytum cinerascens—4" alpine shrub.
Phyllodoce empetrifolia—magenta alpine, heather.
Physaria geyeri—2" yellow flowers.
Phlox speciosa—12" showy pink flowers.
Phacelia sericea—8" blue alpine.
Pinus ponderosa—western yellow pine.
Polemonium Californicum—fern foliage, blue flowers.
P. Delicatum—alpine, soft blue flowers.
P. Flavum—yellow flowers.
Prunus demissa—large shrub chokecherry.
Prunus emarginata—shrub, mountain cherry.
Potentilla blaschkeana—silvery foliage, bright yellow flowers.
Potentilla gracilis—8" yellow alpine.
Pyrus sitchensis—shrub, mountain ash.
Pyrola bracteata—6" red flowers.
Pyrola picta—6" white flowers, mottled leaves.
Pyrola minor—4" white flowers.

Quamassia quamash—blue camas.

Ramona incana—18" desert shrub.
Ribes lacustre—shrub, black currant.
Rosa gymnocarpa—shrub, large single pink.
Rosa nutkana—shrub, small single pink.
Rhododendron albiflorum—3" alpine shrub.

Sambucus glauca—shrub, blue elderberry.
Sambucus melancocarpa—shrub, black elderberry.
Senecio ducatoris—yellow alpine.
Seiversia ciliata—12" pink flowers.
Solidago algida—8" yellow alpine.
Solidago missouriensis—western goldenrod.
Solidago serotina—tall clump-forming goldenrod.
Sphaeralcea munroana—red desert mallow.
Sphaeralcea rivularis—lavender river mallow.
Syntheris reniformis—blue spikes, round toothed leaves.
Syntheris rubra—reddish spikes and foliage.

Talinum spinescens—5" rosy flowers, desert.
Taxus brevifolia—shrub, western yew.
Tellima grandiflora—12" creamy alpine.
Thalictrum occidentale—purple flowers, yellow anthers.
Thuja plicata—western giant cedar.
Trollius albiflorus—alpine, bogs white.
Trillium ovatum—8" white.
Trillium petiolatum—8" purple.

Vagnera amplexicaulis—false Solomons seal.
Vagnera sessilifolia—red berries, waxy foliage.
Valeriana sitchensis—alpine heliotrope, white, fragrant.
Viola adunca—3" blue.
Viola orbiculata—2" yellow dwarf.
Viola nephrophylla—5" purple.
Viola ventosa—2" yellow alpine.

Xerophyllum tenax—bear grass, white plumes.
